

Catechetical Sunday – For over seventy years, the Catholic Church in the United States has set aside one day to acknowledge the work of catechesis in parishes across the country and the men and women who share their faith with others in this parish ministry. The word catechesis means to “echo down.” At our baptism, we each received the task of carrying on the mission of Jesus and so our faith is not something private; we are called to evangelize...share our Faith...boldly proclaim Jesus Christ by the witness of our lives. Let the Light of Christ we received at our baptism be a beacon of light to those we encounter and for whom we share and pass on our rich Catholic Faith! The Faith Formation Program of Holy Spirit and Holy Family Parishes has programs for young people in Grades K-12 and adults. We also help prepare youth and adults for sacraments. We ask for the prayers of our parish families that all who participate will grow in understanding and love of God and deepen their relationship with Him.

Many men and women are volunteering their time and talents in our Faith Formation Programs. We thank them and ask God’s blessings on them and their efforts:
